## inclusion fusion

This Children's Quarter Inclusion Fusion collaboration includes All Saints Youth project, Autis autism support group, Dens of Equality, Glue Collective, Meriden Adventure Playground, Norton Hall Children & Family Centre, Resources for Autism, Seven Up Charity, Square Peg Activities and The Active Wellbeing Society. Children in Need is helping us to work together.

It is a new way of cooperative working which aims to create more inclusive services for vulnerable children. By sharing staff and resources we aim to make the most of experience and spaces
